The Church--Jesus' Friends Working Together

Jesus' Friends Doing Their Part

☐ 1. Go to church often. Christians will help you grow as Jesus' friend. You can care for and help others to live for God.

☐ 2. Give money to God. Put it in the offering at church. Your church uses the money for good things.

☐ 3. Tell other people about when God has helped you. This helps others to trust God with their problems.

☐ 4. Help when your church has a special job to do. Work goes faster when many people work together.

☐ 5. Invite friends and other people in your family to church. They will hear about Jesus.

☐ 6. Can you think of other ways you can help in the Church? Write them here.
