

PENNIE PENGUIN MISSIONS DAY 3 - ACTIVITY SHEET

Just like the children with special needs from Ukraine & Russia who are no longer being hidden away, but now are finding a place among their community thanks to the efforts of the Church of the Nazarene and the CIS Serving People with Special Needs project supported by Kids Reaching Kids, helping children with special needs find a place within your local church should also be a reality. Help the children with special needs below find their way through the maze to the church.
