

## South America World Region

### Mirada de Amor - Phase II (Look of Love)

#### PROJECT DESCRIPTION

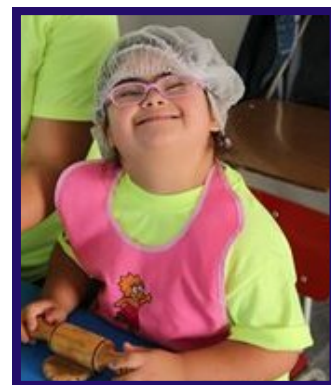

Look of Love was born with the purpose of ministering to families with children and youth with special needs. Look of Love focusses on bringing the love of Jesus to these special ones, while at the same time providing quality services in the areas of therapeutic , emotional , psychological, spiritual and workplace development.

#### GOAL AND OBJECTIVE

To provide 22 families of children with disabilities a focused time in the of Word of God, while also delivering professional services and care to the families and children six days a week (Monday to Saturday).

#### A HOLISTIC APPROACH TO MINISTRY

- Mentally: Providing Christian education for the children and their families.
- Physically : Hosting workshops that enhance their physical, social, and cognitive skills.
- Spiritually: Offering pastoral counseling to the families, while also helping the children come to know Jesus Christ and His love.
- Socially : Creating a place for the child with special needs to feel like a useful and integrated into an inclusive society .
