

# supporting children on their discipleship journey

## KIDS REACHING KIDS 2022 mission offering project

This year, your KRK offering will provide crucial discipleship resources for children from around the globe. This offering will assist churches and districts as they provide holistic resources (clothing, healthy meals, school supplies, etc.) to children they are discipling.

Through your giving, KRK will provide resources to children so that they can personally experience the joy of God's grace. Your gifts will provide needed resources, such as clothing, food, educational supplies, etc., which will increase the effectiveness of ministry to children. Will you help? Will you join us in giving to this year's global KRK offering?

In 2022, the SDMI Vacation Bible School curriculum, *The Great Investigation*, children will discover God's plan for their lives.

On this journey, children will discover God's love and faithfulness through the lives of Joshua, Rahab, Gideon, and Ruth. And also learn about God's prevenient, saving, and sanctifying grace.
